Naught Robot Roy

by Chow Hong Kiu Connie 4D

Robot Roy is our robot helper. Every Sunday, he goes to our home and cleans our flat. But he was very naughty last Sunday.

First, he prepared lunch for me. He always cooks vegetables but seldom cooks meat. He did it again on Sunday. I was upset.

Next, he cleaned the windows and dusted the shelves. However, he was very naughty. He played with water and made the living room very wet. Then he was tired and hungry. He ate my food. I was angry.

Finally, he needed to cook the meal for me again!

On Chinese New Year's Day, I am going to watch the lion dance. I am going to get red packets. I will be very happy.

My favourite teachers are Miss Kim and Miss Lai. Miss Kim teaches me Chinese and Putonghua. She is very good to me. Miss Lai teaches me English, General Studies and Visual Arts. She is very nice to me, too. She is also very helpful and beautiful.

Miss Kim and Miss Lai are good teachers. I like them very much. I hope I can be a good teacher when I grow up.

My Favourite Cartoon Character by Cheng Sum Yuen Viola 4B

My favourite cartoon character is Jerry. He is a mouse. He looks like a hamster. He has big eyes and round ears. His body is brown and he has two strings of hair. His tail is long and thin. He is smarter than the cat Tom. Tom is stupid and lazy. I like Jerry because he is clever and hardworking. Jerry always plays jokes on Tom and they chase each other every day. When they fight, they make me laugh.

Easter Holiday

by Leung Sze Wan Sylvia 4D

Easter holiday is in April. People usually eat Easter eggs, hold a party and play games.

Last Easter, I went to Amy's home and had a party with her family and friends. First, we shared Easter stories. Then, we played games. My younger sister won all the games because she had played the games before! After that, a big bunny came to us! It was cute and white. Everyone was very happy and wanted to hug it. However, no one knew who brought the bunny there. Then my mum said, "It's me!" Finally, we ate Easter cakes and spaghetti. We ate everything. Everyone was full at that moment.

I like Easter very much because I like eating Easter cakes.

Hansel and Gretel (new version) by Chan Wing Yee Melody 4D

When Hansel and Gretel heard the conversation between the witches, they were frightened. The witches wanted to eat them. They wanted to leave the witch's house.

One night, while the witch was sleeping, they tried to open the door, but it was locked. They found the key in the pocket of the witch's dress. They stole it and opened the door. They ran to the forest as fast as they could.

In the forest, they saw their neighbour, Mr. Jones. They asked him to show them the way. Mr. Jones brought them home. They saw their father and stepmother. Their stepmother was happy and said sorry to them because she was unkind to them. They lived happily thereafter.

Subject: What did I do on Sunday?

Today, I am sick. I wanted to go to Ocean Park with my friend. But I got a cold. I cancelled the trip. Then my sister took me to see a doctor. The doctor told me to drink more water and take a rest at home. On my way home, I saw my classmates, Kitty. She was sick too. I did nothing today. I stayed at home for a whole day.

Love,
Tiffany Sin
