The Person I Admire

by Chan Pak Hon Curtis 4C

The person I admire most is Ludwig van Beethoven. Let me tell you about him.

Ludwig van Beethoven was a musician. He was born in Germany in 1770. He was one of the greatest musicians in the world.

When Beethoven was five, his father taught him to play the violin and the piano. He worked hard every day.

In 1778, he performed music on stage. Five years later, he created the first piece of music with his teacher. In 1796, he couldn't hear well but he composed beautiful music such as Symphony No. 9 and became more popular. He died in Germany in March, 1827.

Ludwig van Beethoven was one of the best musicians in the world. He got the name "Musical Genius" because he got music talents and composed about 722 beautiful pieces of music and won the love from many people. They said goodbye to him sadly when he died.

I admire Ludwig van Beethoven most because he was a great musician! He was creative because he composed a lot of wonderful music. The most important thing that I want to learn from him is that he insisted on playing music even he could not hear.

My Best Friend by Huang Shun Kwan Kevin 4D

My best friend's name is Hayden. He lives in Wong Tai Sin. He is ten years old like me.

Hayden likes playing table tennis. I sometimes play table tennis with him. He plays better than I do. He signs up for the table tennis club and practises hard.

Hayden eats little rice at lunch. I think his stomach is smaller than mine. He is a bit shorter than me.

Hayden has a little brother. His brother is so naughty. He always fights with his brother. He always yells at his little brother.

I like my best friend because he is so kind to me.

My Family by Lin Yim Ching Jennifer 4B

There are three members in my family. They are my mother, father and me.

Now I am going to talk about my father and mother. They are different in many ways. They have different jobs. My father is a househusband and my mother cleans things for a company. They are different ages. My father is older than my mother. My father is fifty years old and my mother is forty-nine years old. Also, they are different heights and weights. My father is taller and heavier than my mother.

In their free time, they like doing the same things. They like playing football and watching television. They like eating the same food. They like fish.

My Christmas Party at Home by Lee Chun Sing Simon 4B

Dear Harry,

Hello, how are you? I am writing to tell you about my Christmas party.

First, we played some party games at home. We played diep.io happily. We felt sad because we did not win the game.

Next, we ate turkey and Christmas pudding. They were so yummy!

After that, we also pulled Christmas crackers. It was so noisy but also fun!

Then, it was finally time for presents. We exchanged gifts! I had a Doraemon doll. It was so cute! I love it!

Finally, we sang Christmas carols in the party. We sang very well. We are good at singing songs!

The party was fun. You may join us next year! Write back soon.

Love,

Simon

**Chinese New Year****by Sze On Ki Angel 4A**

Dear Winnie,

How are you? I just had a good Chinese New Year holiday. 

Before Chinese New Year, I tidied the house and I cleaned the windows. I made the bed with my mum in the evening.

On Chinese New Year's Eve, I put red melon seeds in the sweet tray. I put sweets and sweetened lotus roots too! I like sweet food. I ate the sweets after putting them in the tray.

On Chinese New Year's Day, I visited my relatives and I got many red packets. After that, we went to Hong Kong Disneyland to watch a parade. I felt happy.

On the second day of Chinese New Year, my parents and I went to Tsim Sha Tsui to watch the fireworks. They were beautiful. My parents thought they were wonderful too.

On the third day of Chinese New Year, I went to Wong Tai Sin Temple to buy a big windmill. It could spin. Then I worshipped God and Goddess there. I am sure you would like to try it!

How about you? How did you spend your holiday? Please write back soon.

Angel**A Sick Experience****by Daniel Liao 4C**

Yesterday morning, mum gave Karen some pocket money. Karen got fifteen dollars. She felt excited.

When Karen was going home after school, she felt hungry. She wanted to eat some snacks, so she bought some fishballs from a food stall in the street. The fishballs looked delicious but they were dirty.

When Karen arrived home from school, she had a stomachache. Mum took her to the clinic to see the doctor.

The doctor advised Karen not to eat dirty food again. She followed the doctor's advice. She didn't buy food in a food stall in the street again. She is strong and healthy now.

In my spare time, I do a lot of activities. One of my favourite activities is jogging. It is an outdoor activity. I always go jogging because it can make me strong. I go jogging with my mother every day at Morse Park. Though I am not good at jogging, I enjoy it very much.

The other activity that I like is doing jigsaw puzzles. It is an indoor activity. I need a desk and a box of jigsaw puzzles. I often do jigsaw puzzles. I do it by myself every Monday, Wednesday and Sunday in my bedroom. I like to do jigsaw puzzles very much because it is fun.

Going jogging and doing jigsaw puzzles are my favourite activities. They are fun. 

A Horrible Dining Experience by Chan Wai Yu Jeremy 4D

Last Sunday, I ate German food at William II Restaurant for dinner with Tom. It was a new shop, so we wanted to try it. All the reviews were bad but I didn't trust them.

When I entered the restaurant, Tom fell down on the floor. When he stood up, I laughed. There were many empty seats, so we chose our seats. We wanted to order the food but nobody came. After a long time, one waiter came and helped us rudely. Then, the food was ready. Our starter was soup but there was a grasshopper in it. Tom screamed. Some waiters came and said, 'I will ask the chef to cook again.'

After that, we ate the main course. The rice was overcooked. But the most horrible thing was the dessert! There was an insect in my orange jelly. Tom laughed, 'It looks like an amber! It's so expensive. Let us take a photo!' I wanted to kill him.

At last, we left this restaurant. I said quietly, 'I won't come here again! It's so horrible!'

A Misunderstanding by Lau Sze Ching Emma 4A

Hi George,

How are you? This morning, we gave our homework to the teacher. Ben passed his homework to me. I took his homework and checked it. I saw that there was no name on his homework. Ben did not write his name.

At the moment, Miss Wong came near me. She said angrily, "John, stop copying homework!" I said to her, "I'm not copying homework. I am just writing the name for Ben because he forgot to write it." Miss Wong knew that she had wronged me. She said, "I'm so sorry!" Ben told me that he was sorry for me. I believe he will not forget to write his name again.

Love,
John

A Fun Place to Go! by Shum Ka Lok Marco 4C

Hi, everyone. I am Shum Ka Lok Marco. I am from class 4C. Today I would like to introduce a fun place in Hong Kong. It is Tsim Sha Tsui in Kowloon. You can go there by MTR or bus.

Tsim Sha Tsui is a wonderful place for shopping. You can go to Tsim Sha Tsui Plaza. It is big and clean. You can buy many gifts and souvenirs there but they are quite expensive.

Tsim Sha Tsui is a great place for taking photos too. At Tsim Sha Tsui waterfront, you can go on a harbour cruise. If you go at night, you will see beautiful views. You can watch the symphony of lights show as well.

I go to Tsim Sha Tsui with my family twice a week. I like going there very much. I hope you will like it too. Thank you.
