### A Horrible Dining Experience

by Ho Chak Kai Matthew 4C

Black Dog Restaurant is a famous restaurant in Mong Kok. I went there for dinner with my mother and my sister last Sunday. It was my sister's birthday.

We arrived at the restaurant at six o'clock but we waited thirty minutes for the table we have booked. There were so many people waiting outside the restaurant. When I first entered the restaurant, I was so surprised to find that it was very dirty. There were cockroaches on the floor!

After we were seated, I wanted to get the menu. The waiters just ignored me. I finally got the menu after waiting for half an hour. Then I ordered a steak for the main course. However, the steak was too hard. Mum ordered an ice cream as her dessert. It was melted. My soup was so oily too.

After eating, I went to the washroom. It was so smelly. I also saw a mouse in the kitchen!

I felt so disappointed. I had a very bad time eating there. I will never visit this restaurant again!

## A Horrible Dining Experience

by Li Pui Hon Sky 4D

Iron Man Restaurant is very famous in Lok Fu. It is highly recommended by my friend, Jane. I went there with my dad last Sunday afternoon.

When I stood at the restaurant's door, I felt surprised. Its decoration was very beautiful. When I entered the restaurant, I felt shocked. It was totally different from the outside. It was very dirty inside the restaurant. There were many flies. The washroom was so smelly. The floor was dirty and wet, too.

We ordered some dishes. The food was nasty. The utensils were broken and dirty. It was disgusting!

The waiters and waitresses were very impolite and unfriendly. We were so thirsty, so we wanted to have two glasses of warm water. Nevertheless, they gave us cold water. Their service was not professional.

The taste of the food was very bad. We ordered a dessert. It was a pudding. It was too sweet and smelly. The fruit on top of the pudding was rotten.

I think Iron Man Restaurant is the worst restaurant in Lok Fu. Although the price was cheap, the taste of dishes and the service were very bad. It gave us a horrible dining experience that night. I won't visit this restaurant again.

## My Christmas Party

by Chan Wan Kylie 4C

Dear Winnie,

How are you? I had a class Christmas party last week. It was wonderful. Let me tell you about my party.

First, we ate some party food in our classroom. We had some fishballs, sausages and pineapples, chocolate and a lot of chips. We ate hungrily because the food was delicious. I like it very much!

Next, we played party games. We played 'Musical Chairs' and 'Step on the Balloons'. We shouted loudly. The games were very interesting.

Then, we cleaned up the classroom. We worked together happily. Coey put the rubbish into the rubbish bin. Gladys cleaned the desks. I swept the floor.

After that, we had a mass in the hall. We prayed quietly and listened to Father Chong. We sang some hymns, too.

Finally, we had a lucky draw in the hall. I did not have any prizes but Gladys got a board game. I didn't feel sad. I think Gladys was lucky.

I felt great and amazed at Christmas. What did you do during your Christmas holiday? Please write.

Love,  
Kylie

## My Christmas Party

by Chan Chun Tin Atom 4B

Dear Marson,

How are you? I am writing to tell you about my Christmas party.

First, we played party games in the classroom. We played 'Teacher Says' and 'Step on the Balloons'. When the balloons burst, we shouted loudly.

Next, we had a lucky draw. We were very excited. I got a prize. It was a top. It was cool and fun. Sam cried sadly because he didn't have any prizes.

Then, we had some party food. We ate chocolate pudding, potato chips and sushi. They were delicious.

After that, we cleaned our classroom quickly. We picked up the rubbish on the floor and cleaned the table with a wet cloth.

Finally, we had a mass in the hall. We prayed quietly. Father Yuen told us the story of Jesus Christ.

I felt happy at the Christmas party. Chinese New Year is coming. What will you do? Please write soon.

Love,  
Atom

## A Sick Experience

by Lee Yin Hei Marcus 4D

Karen's mum gave Karen some pocket money yesterday because it was the first day of Chinese New Year. She felt very happy. She wanted to buy some fish balls with the money. Then she went to a fish ball stall. The stall was very dirty.

After she ate the fish balls, she felt sick. She cried sadly. She couldn't move. She sat on the sofa. She asked her mother to help her. When Karen's mother saw her crying, she asked her what the matter was. Karen replied, 'I feel painful. I think I get a stomachache.' Then her mother brought her to the hospital to see the doctor.

After Karen arrived at the hospital, the doctor asked her how she felt. Karen said that she got a stomachache. The doctor asked her what she ate. Karen replied, 'I ate some fish balls, I bought them in a dirty stall.' The doctor suggested her not to buy any food in the dirty place anymore and take the medicine on time.

Karen followed the doctor's advice and would not buy any dirty food in the future. Through this incident, she knows that she should not buy any food from the dirty places.

## My Christmas Party

by Fok Ka Hei Momo 4A

Dear Sandy,

How are you going on this week? I write to you because I want to talk about my Christmas party last Monday.

First, we had a Christmas Mass. We sang some sweet and wonderful hymns and prayed quietly. We sang happily.

Second, we sat in the side hall and enjoyed singing "I Have Decided to Follow Jesus" with Miss Cheung.

Next, we had a lucky draw and I shouted loudly. Suddenly, I got a prize. It was a robot.

After that, we played "Step on the Balloons". I felt excited because I was the winner. Finally, we cleaned up. I helped to move our desks and chairs. We were quite tired.

I felt excited. I am looking forward to the coming Christmas Day for the celebration of the birth of Jesus.

Yours,  
Momo

## My Best Friend

by Bibi Fatima 4A

My best friend is Marida. She is nine years old. She is younger than me. She loves yellow.

I like playing games with Marida. Her favourite hobbies are running and drawing. She gets good marks in handwriting. She writes all her homework carefully. She also helps me a lot with my homework.

Marida and I sit together in the classroom. At recess, we share our snacks and play hide-and-peek.

Marida lives near my house. After school, we always walk home together.
