Sunny and cool

Last night, Dad's friend gave a coupon of a Japanese restaurant to Dad. 'I know your daughter likes sushi. Here you are,' said Uncle Sun. 'Thank you! I like sushi very much too!' said Dad. I was excited because I love Japanese food.

We went to the Japanese restaurant and ordered a lot of food, such as sushi and udon. We were happy because the food was yummy. We didn't hear the sound of thunder at that time.

Suddenly, the waiter said, 'Typhoon signal no. 8 is in force!' There was thunder and lightning outside. I was scared because I am scared of thunder. We all thought how we could go home safely.

At last, we asked the waiter to pack all the food. We ran to the MTR station. Soon, we arrived home but all our clothes were wet. I felt happy because we could enjoy the food at home.

A Fun Place to Go

by Lam Ho Ching Connie 5C

Dear Miss Kan,

I know you are organizing a summer outing for our class but have not decided where to go yet. I have read about Sai Kung Outdoor Recreation Centre(SKORC) and Tai Mei Tuk Water Sports Centre(TMTWSC) and the activities there. I think I like SKORC more.

SKORC provides many fun courses or activities such as rope course, tennis course and roller skating. I am interested in sports climbing. Although I have already joined a sports climbing course, I want to try it again because it is fun. There is an archery range in SKORC. I have never tried doing archery. It sounds great too. I really want to try it with my classmates.

My classmates and I don't want to go to TMTWSC. We cannot join the water sports courses since we are not good at swimming. There are kayaking and windsurfing courses. I think they are too dangerous and challenging for us. I have tried the sailing course. It is boring. I don't want to join it again.

Miss Kan, have you ever been to any of these places? What do you think about those places? I hope we can go to SKORC together.

Love,

Connie Lam(Class 5C)

Road Accident

by Chan Sum Yu Cherry 5D

On Monday morning, my classmates and I went to school by school bus. We were excited because we were going to have a field trip. We chatted noisily and happily.

Very soon, we noticed we were on a road that we had never been before. Perhaps the new driver got lost. He did not know where to go. I saw a road sign saying "SHARP TURN"! My classmates and I felt worried.

Then, I saw a boy riding a bicycle. He did not know he was riding on the wrong side of the road. He just enjoyed the speed.

Suddenly, the school bus crashed into the bicycle. My classmates and I could not escape because there was a fire near the door. We screamed loudly. While the driver was calling the police for help, he was telling us to keep calm. Soon, the policemen, the firefighters and the ambulancemen arrived. They saved us and sent us to the hospital. It was a horrible experience.

I learnt that we should not cycle on the highway.

windy

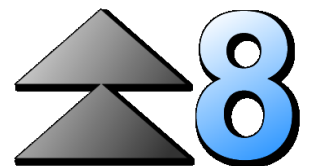

My family and I had dinner in Ichibai Sushi at eight o'clock last night. Dad's colleague gave a coupon to my dad. It was the first day of my summer holidays. My brother and I felt glad because we love eating sushi.

My family had Japanese food together. We ate sushi and Japanese cold noodles and drank green tea. We were all very full.

After I finished my food, I saw a lot of clouds in the sky. It was going to rain. It was also very windy outside.

Later, a waiter told us that there was a black rainstorm warning. There was also thunder and lightning. The Hong Kong Observatory had issued typhoon signal No.8. Mum felt worried.

In the end, we went home quickly by taxi because mum did not close the windows before we left home. Soon, we arrived home and we were safe. We felt happy again.

We learnt that we should close all the windows before going out.

A Letter to the Happy Prince

by Bo Ka Yin Kari 5B

Dear Happy Prince,

I am the little girl. I want to write a letter to say thank you to you!

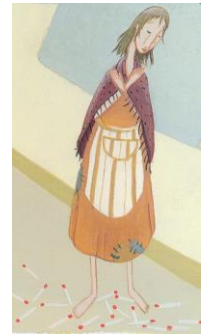

In the past, I was poor. I did not have any money. It was cold and I have no shoes or stockings to wear. My matches were all wet because they fell in the gutter. Nobody wanted to buy my matches. I wanted to eat some food and have a warm house but I was too poor. I cried a lot.

Thank you for the sapphire. I felt happy when I got it from the Swallow. I sold it and I got a lot of money. I bought some food for myself. It was tasty. I also bought a house that is big enough for me to live in.

Thank you for your help! I promise you that I will work hard.

Love,

The Little Match Girl

Yesterday, my father went shopping in Lok Fu Plaza. When my father was shopping in UNY, he got a 500-dollar sushi coupon! The bad side is that the expiry date is today! So, my father decided to use it yesterday.

At 6 o'clock, we went to the sushi restaurant. I like eating udon. We both ate happily. Suddenly, two big and black clouds came and covered the sky. Mum's phone got a message. The typhoon was coming.

Soon, a waiter told us Typhoon Signal No. 8 was issued. We must go home at once. When we were trying to go home, the strong wind scared us.

Suddenly, the strong wind stopped but the heavy rain started. We went to a convenience store and bought umbrellas. We bought two umbrellas because they could protect us. We waited for one hour before we got a taxi. It was a really horrible experience!

We learnt that when we go out, we need to watch the weather forecast. If not, you will be like us!

Let's learn and write!

Write with your pencils.
Learn by your hearts.
Yours will be special
To gain higher marks!
