### A Sick Experience

by Deng Cheuk Tung 4A

Karen received her pocket money from her mum last week at home. She felt excited. She had fifty dollars. She wanted to buy a lot of delicious food.

She went to Mong Kok in the afternoon the next day. She bought fish balls, Siu Mais, sausages and egg waffles from a street food stall with all of her money.

After that, she went home. She started feeling sick. She had a stomachache. She went to the doctor with her mum.

The doctor gave her some advice. She followed the advice. She should eat clean food in the restaurant. She should not eat dirty food in the street. She learnt that she should eat more healthy food.

## The Person I Admire

by Lai Chung Hei Iver 4B

The person I admire most is Ludwig van Beethoven! I like him best because I like music and Beethoven is one of the greatest musicians in the world! Let me tell you more about him. Ludwig van Beethoven is a musician. He was born in 1770 in Germany and died in 1827. People call him the “musical genius” . He won the love from people. 20000 people said goodbye to him when he died.

Beethoven was hard-working. He played the piano for three hours every day. He was creative. When he was 13, he wrote the first piece of music with his teacher. When he was 26, he could not hear well but he did not give up. He felt music with a stick and continued writing music.

From Ludwig van Beethoven, I learnt that I should not give up easily. I should be tough when I am facing difficulties.

## My Christmas Party

by Huang Chi Lung Alan 4C

Dear Louis,

How are you? Did you have a Christmas party? I want to tell you about my Christmas party.

On that day, we had a lucky draw first in the hall. There were many presents. Miss Yip had a lucky draw with us. I heard my friend shout his name loudly. He didn't get any presents but I did. I got a teddy bear.

Then, we took photos. We said, “Cheese!”. After that, we had some food. We had a lot of food such as turkey, puddings, fries and a cake. It was finger-licking good. I like the cake and puddings because I had sweet tooth.

And then, we played some games. We played football at the playground. We shouted loudly. Tom always won. It was because he is good at playing football.

At last, we cleaned the tables and chairs with a wet cloth. Ethan was lazy. He didn't help at all.

I got a big teddy. It made my day. How about you?

Love,  
Peter

## My Favourite Family Members by Chan Chi Ning Chloe 4D

There are five members in my family. They are my father, my mother, my grandfather, my grandmother and me.

Now I am going to talk about my father and my mother. They are different in many ways. The only one thing that is the same is their age. They are both 40 years old. They have different jobs. My father is a manager and my mother is a clerk. They are different heights. My father is taller than my mother. He is 173 cm tall and she is 160 cm tall. They have different weights, he is 90 kg and she is 53 kg.

In their free time, they like doing different things. My father likes sleeping. He also likes watching YouTube videos. My mother likes shopping. She also likes reading books.

They like eating different things. My father likes eating noodles and that's why he is fat. My mother likes eating tomatoes. She is the healthiest in my family.

I like all of the members in my family because they are very different.

## A Christmas Party by Tsoi King Ho Bosco 4A

Dear Bosco,

How are you? I am writing to tell you about the Christmas party. I like the party very much!

First, at school, in 4A classroom, I shouted my name loudly. I was excited. It was because I had a prize. But somebody in my class was sad because they didn't have any prizes.

Then, I prepared chicken wings. My friend shared yummy food with me. The teacher prepared Christmas puddings. They were delicious.

Next, we sang songs. We played 'Step on the Balloons'. We shouted loudly. We were very excited.

After that, we took photos with the teachers and our classmates. Miss Kam asked us to say 'cheese'. I also sent Christmas cards to our teachers.

Finally, we exchanged Christmas presents. I got a set of toy LEGO. It was my favourite toy.

I felt happy with my friends. What did you do at the Christmas party?

Love,  
Peter

**A Sick Experience**

Last week, Karen received her pocket money from her mum. Mum gave her one hundred dollars. She felt excited! She wanted to buy some yummy food and some toys.

Karen went to buy some toys. She went to the toy shop and found that it was closed so she left. She saw a food stall in the street. She was hungry so she bought some fish balls. They were yummy but dirty.

After eating the fish balls, Karen went home. When Karen was sitting on the sofa, her stomach felt painful. She had a stomachache. She kept going to the toilet. She called her mum to help her. She didn't go to the clinic. Mum gave Karen a cup of hot water. Karen ate vegetables and fruit and she slept.

She felt better very soon. She learnt that she should never eat dirty food in the street.

**The Person I Admire**

**by Leung Tsz Ying Eunice 4C**

The person I admire most is Stephen Hawking! I like him because he was tough and brave. Even though he was ill, he still did not give up. Let me tell you more about him.

Stephen Hawking was a scientist. He won the Albert Einstein Medal and ranked 25 BBC's Poll of the Greatest Britain. He also discovered some new ideas about a space called "Black Hole" or Hawking Radiation (The name that he called).

Stephen was the toughest person in the world. Although he became ill and he could not move well, he worked even harder to finish his study.

After I read the story of Stephen Hawking, I learnt that we can't give up easily when there are some problems. Stephen became ill but he did not give up. I admire Stephen most no matter what happens!
